

Don't alter the wisconsin no-call list legislation! This has been the only thing that has ever quieted our phone, and brought us peace from telemarketers. Please do NOT dilute this legislation by acquiescing to the banking lobby - the federal legislation is too weak and doesn't protect my interests as well as the wisconsin no-call legislation does. States rights are protected by the constitution, and in this case my state protects me better than the FCC does. To quote Governor Jim Doyle "Wisconsin citizens need to make it clear to the Federal government that we do not want to be exposed to telemarketing from a businesses or its affiliates simply because we have had contact with the business. We need to make certain that the FCC puts consumers, not big telemarketers, first." We do NOT want to be called. Tim & Lillie McCloud
